Complete instructions about how to prepare and submit nominations to the world's preeminent awards program for customer service, contact center, business development, and sales professionals

We invite your organization to submit nominations to the 2017 (11th annual) Stevie® Awards for Sales & Customer Service, the world's top honors for customer service, contact center, business development, and sales professionals.

All organizations worldwide are eligible to participate in the awards: large and small, public and private, for-profit and non-profit. Nominations may be submitted by individuals or organizations. Last year's competition attracted more than 2,100 nominations from organizations in more than 30 nations.

The Stevie® Award trophy, the prize that is conferred in the Sales & Customer Service awards and all other Stevie Award programs, is one of the world's most coveted prizes.

Many of the world's largest and most famous companies have won Stevie Awards. Most of our winners each year are small and midsize companies that are still growing and building their brands, however.

This booklet explains how to prepare and submit nominations to the Sales & Customer Service awards. The first important step to entering is to review the categories and to choose the categories in which you'll participate. There are many categories to choose from, including the following:

Entry Kit for the **2017** Stevie® Awards for Sales & Customer Service

How the Stevie® Award Winners Will Be Determined

Judging of entries will be conducted in two phases: preliminary and final. Preliminary judges are recruited worldwide, apply to judge on the Stevie Awards for Sales & Customer Service web site, and if accepted are assigned categories by Stevie® Awards staff, based on their industry, function, and experience.

During preliminary judging, each entry is reviewed, rated and commented upon by no fewer than five (5) volunteer judges who have been approved as qualified (by Stevie Awards staff) to judge those entries. All entries are viewed and rated at the judges' convenience over the Internet. Rating is done on a scale of 1-10.

All entries that receive an average score of at least 7.0 in the preliminary round of judging, regardless of category, are automatically designated as Finalists, and are eligible to be included in final judging.

Members of the final judging committees are invited. Many of them are past Stevie Award winners. During final judging, Finalist nominations are rejudged/scored by final judges. Every category that has at least one Finalist will have at least one Gold Stevie Award winner. The Finalist entry with the highest average score in a category after final judging will be awarded the Gold Stevie Award. Other Finalists that receive an average score of at least 8.0 out of 10 will be accorded Silver Stevie status. Remaining Finalists will be accorded Bronze Stevie status.

The Top 10 Awards

The Top 10 Awards are 10 best-of-competition prizes that will be presented to the organizations that submit the best collection of entries to the Stevie Awards for Sales & Customer Service, in their own name or in the names of one or more clients.

The winners of these prizes will be awarded the Grand Stevie Award trophy.

These awards cannot be applied for directly. Winners will be determined by a points system based on the total number of awards won in the Stevie Awards for Sales & Customer Service, with a Gold Stevie win counting for 3 points, a Silver Stevie for 2 points, and a Bronze Stevie counting for 1.5. Points cannot be counted more than once in calculating Top 10 Award winners (i.e., points won by an agency in its client's name cannot be counted a second time in the agency's name).

The Stevie® Award

The Stevie Award trophy is one of the world's most coveted prizes. Since 2002 the Gold Stevie Award has been conferred for achievement in business to organizations and individuals in more than 60 nations.

The name Stevie is taken from the name Stephen, which is derived from the Greek for "crowned."

The crystal pyramid held aloft by Stevie represents the hierarchy of human needs, a system often represented as a pyramid that was developed in the 1960s by psychologist Abraham Maslow, who observed that after their basic needs are met, human beings seek the esteem of their peers.
