Actiontec[®]

Creative Solutions for the Digital Life™

Actiontec celebrates
today's innovative women in business.
Here's to tomorrow's generation of
female business leaders.

Welcome to the 9th annual Stevie® Awards for Women in Business.

With this program we close out our 10th year organizing Stevie Awards programs. (Our 10th American Business Awards concluded earlier this autumn.) It's been my aim from the beginning to create the top business awards programs in the world. Many people have told me that we've done that, which is gratifying, but if you know us you know that we don't rest on our laurels.

This year's Stevie Awards for Women in Business received more than 1,200 entries from individuals and organizations in 17 nations. More than 200 professionals around the world participated in the judging process in September-October. The average scores of preliminary judges determined the Finalists. The Gold, Silver and Bronze Stevie Award placements that will be revealed tonight were determined by the members of five final judging committees in late October. All judges are acknowledged in this program.

We introduced many new aspects to the Stevie Awards this year, including Silver and Bronze Stevies. Next year we'll introduce a Grand Stevie Award trophy, which only a small number of individuals and organizations will receive in each of our programs, and a smaller Gold Stevie trophy.

I invite you to stay abreast of what's new in the world of Stevie at our web site, StevieAwards.com, and through our presence on Facebook, LinkedIn, and Twitter.

Thank you for coming tonight. I wish you continued success!

Cordially,

Michael Gallagher
President

▶ DELIVERING QUALITY SINCE 1952.

▶ HIGH-QUALITY ENGINEERED PRODUCTS

Epec Engineered Technologies designs and manufactures customized, built-to-print, performance-critical products for all sectors of the electronics industry.

We are a leading provider of printed circuit boards, flex and rigid-flex circuits, membrane switches, graphic overlays, silicone rubber products, and custom battery packs.

- CUSTOM BATTERY PACKS • MEMBRANE SWITCHES • TOUCH PANELS • RUBBER KEYPADS
- GRAPHIC OVERLAYS • FLEX & RIGID-FLEX CIRCUITS • FANS & MOTORS • PRINTED CIRCUIT BOARDS

▶ America's Oldest. A History of Innovation.

As the oldest production Printed Circuit Board Company in North America, perhaps in the world, the 60-year story of Epec is connected to the development of the PCB and the electronics industry.

Epec, through the merger of Electrolab and Printed Electronics Corp (EPEC), are proudly two of the five founding members of the IPC, the 2,900 member trade association supporting the \$1.5 trillion global electronics industry.

From pioneering innovation in the PCB Industry with R & D, training and setting professional core values, the legacy of Epec has now passed to a new generation of very bright young people, but still continues the great tradition of imagination.

In incubating new technologies, the Epec team continue breaking new frontiers in engineering, and enjoying exponential growth in related sectors of electronics, with custom battery packs, membrane switches, rubber keypads, and EC fans and drives.

Toki Ura

Thank you. I'm very happy to be able to receive this award for creating internationally recognized value. I believe that it's really important for people to be recognized like this in work and at home.

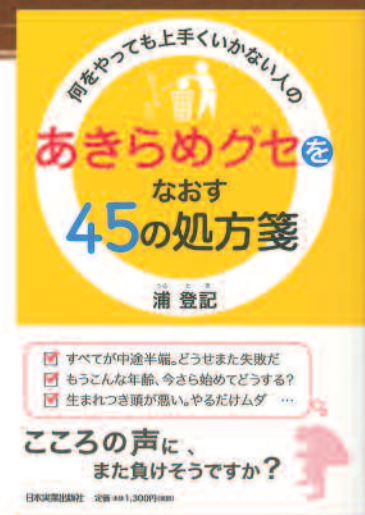

And it's even more important for people to recognize themselves.

That's right, have a sense of self-affirmation.

When people are discouraged, they think to themselves, "I'm useless" or "I might fail." I would like for people to learn how to turn on their "feel better switch" and to get in the habit of praising themselves.

That's why I wrote my book "45 Cures to Give Up Giving Up." Each and every page is written with the hope that the reader will give up on giving up.

Thank you again.

This book examines common bad habits of people who believe they aren't good at anything no matter what they do. Each chapter focuses on a different aspect, such as personal relationships and judging others, and offers strategies to help people who feel the same way.

SWAGS SAVE LIVES

When it's cold or wet outside, basic shelter in the form of a water resistant swag can save a homeless person's life.

Please donate today

Shockingly, *The National Law Centre For Homelessness And Poverty* estimates that 3.5 million people experience homelessness each year in the U.S.

With these statistics in mind, Street Swags hope to expand our services to America and are looking for donors and partners to assist us. If you can help, please visit streetswags.org

Tradies

The passion, creativity, and strategic focus of **Sophia Honore Taylor** and **Julie Hubert** has been the reason that Walton Isaacson continues to be the "Planet's Most Interesting Agency." It's great to see the Stevie Awards acknowledge what we've always known. You are fearless women with vision, who have dedicated your careers to building our clients' business, developing our staff, and providing inspiration to all of us.

Your Walton Isaacson family is proud to call you friends, colleagues, and leaders in our industry. Congratulations for your recognition as 2012 Stevie Awards Finalists!

YOUR PASSION MADE THIS POSSIBLE.
THANK YOU

— AARON WALTON & CORY ISAACSON
