See page 3

Complete instructions about how to prepare and submit nominations to the world's top honors for technology professionals, organizations, and achievements.

We invite your organization to submit nominations to the 2024 Stevie® Awards for Technology, our newest, and the ninth, Stevie Awards program. This program will recognize the world's best technology professionals, organizations, achievements, products and services since the beginning of 2022. We've designed the categories so that they cover all major technology-industry segments. Because Stevie Awards programs traditionally have attracted a significant percentage of nominations from the IT sector, you'll find an expansive list of categories available for information technology people and organizations.

All organizations worldwide are eligible to submit nominations: large and small, public and private, for-profit and non-profit. Nominations may be submitted by individuals or organizations and must be submitted in English.

The Stevie Award trophy, the prize that is conferred in the Stevie Awards for Technology Excellence and all other Stevie Award programs, is one of the world's most coveted prizes. Many of the world's largest and most famous companies have won Stevie Awards. Most of our winners each year are small and midsize companies that are still growing and building their brands, however.

This booklet explains how to prepare and submit nominations to the Stevie Awards for Technology Excellence. The first important step to entering is to review the categories and to choose the categories in which you'll participate.

In these pages you will find explanations of the submission requirements for all of the categories, and an outline of how to submit your entries through our website at [www.StevieAwards.com/Tech](http://www.StevieAwards.com/Tech). All of this information is also available on the website.

The program will culminate with a gala awards banquet in New York City on Monday, September 16, in a joint ceremony with one of our other programs, the Stevie Awards for Great Employers.

We hope your organization will submit entries to the 2024 Stevie Awards for Technology Excellence. Please don't hesitate to contact us with your questions about how to participate.

Cordially,

Maggie Miller

## How the Stevie Award Winners Will Be Determined

Judging will be conducted from June 4 through July 30. Judges will be recruited worldwide, will be invited or will apply to judge on the Stevie Awards for Technology Excellence website, and if accepted will be assigned to a jury for certain category groups by Stevie Awards staff, based on their industry, function, and experience. A judge will not be assigned categories to which their own organization has submitted entries.

Each entry will be reviewed and rated by no fewer than five (5) judges who have been approved as qualified (by Stevie Awards staff) to judge those entries. Rating will be done on a scale of 1-10.

The average scores of judges will determine the Gold, Silver, and Bronze Stevie Award winners in each category.

All entries with an average score of 7.75 or higher will automatically be eligible for Stevie Award status. The qualifying entry in each category with the highest average score after judging is completed will receive a Gold Stevie Award. Other qualifying entries with a final average score of at least 8.25 will be designated as Silver Stevie winners, and will receive a silver medal. All other qualifying entries with a score of 7.75 or higher will be designated as Bronze Stevie winners, and will receive a bronze medal. Silver and Bronze winners will have the right to promote their Silver- and Bronze-winning Stevie status, and will have the option to purchase their Silver and Bronze Stevie statues.

Stevie winners will be notified and announced in August. Winners will be celebrated during a gala banquet in New York City on September 16. Attendance is not required to win.

The veracity of claims made in entries may be audited. Any entry found to contain false or misleading information will be disqualified. Gold Stevie-winning entries will be published on the awards website. Winners will have the opportunity to redact any confidential or non-public information from their entries before publication.

## Determination of Grand Stevie Award Winners

The organization that wins the most Gold, Silver and Bronze Stevie Awards will be presented with the Grand Stevie Award for Organization of the Year. The winner will be determined by total points won, with a Gold Stevie win counting for three (3) points, a Silver Stevie win for two (2) points, and a Bronze Stevie win for one-and-a-half (1.5) points. The nomination with the highest average score from the professional judges will be conferred a Grand Stevie Award as the Highest-rated Nomination of the Year.

## Entry Preparation Tips

- 1 Write Your Entries Offline Before Submitting Them**

Write your entries offline, so that you have a permanent record of them. It will then take just a few minutes to submit them through our easy-to-use online submission system. Don't write your entries spontaneously online - if something goes wrong with your computer or there's a momentary glitch in our online system, your work may be lost.
- 2 Include Supporting Materials and Links**

For most categories, attaching supporting files or web URLs to your entries is optional. But we strongly recommend that if you have no other materials to append to your entry, you at least provide the URL to your organization's website, so that the judges have access to some additional, basic information about your organization.
- 3 Focus on Achievements During the Eligibility Period**

The eligibility period for the 2024 Stevie® Awards for Technology Excellence extends from January 1, 2022 through June 28, 2024 (the last day that entries will be accepted). While your entries may make reference to achievements from before this period, they should focus extensively on achievements during the eligibility period. The judges will not give high scores to your entries if they don't.
- 4 How to Submit Entries for Multiple Clients**

If you're a PR or marketing agency and you want to submit entries on behalf of multiple clients, you don't have to create separate entry-submission accounts in our online system for each client. Instead, create one account in your agency's name, with your agency's contact information and description in the account. Then begin each entry's title with the name of the client; for example, "ABC Company: Jane Smith, CEO" or "XYZ Company: The XYZ Company Website." That will be our cue that you intended to submit the entries in your clients' names, and we'll know that if they're recognized as Stevie winners the awards should be presented to your clients, not your agency.

- 5 Test Your Links**

If you include links to online videos, images, or other supporting materials with your entries, test your links before you submit your entries. Preview an entry before you submit it, and click your links in it to ensure that they are valid and will present to the judges the content you would like them to see.
- 6 Video Entries and Other Media Materials**

When you attach materials to your entries for judges' review, consider that judges have only a few minutes to review and rate each entry. They do not have time to wait many minutes to download materials from Hightail, Dropbox, Box.com, or similar services. Your attachments should be directly downloadable and immediately accessible to judges.

If you want the judges to review a video, we prefer that you provide a link to a hosted version on YouTube, Vimeo, or a similar service that will begin to play instantaneously when a judge wants to access it. If you absolutely cannot do that, we encourage you to upload your video file to our server.
- 7 Giving Titles to Your Entries**

When titling your entries it is not necessary to include the category name in the title—the category will be very apparent to judges when they review your entries.

When titling the nomination of an individual person, the ideal title is just the person's name and job title, such as "Jane Doe, President." Unless you have other text that qualifies the nomination in a meaningful way, keep it simple.

## Regulations, Terms, & Conditions

The following are the terms and conditions of entry to the 2024 Stevie® Awards for Technology Excellence. By submitting entries to the competition you assent that you have read and agree to abide by these terms and conditions.

### Entry Fees

Entry Fees differ per category and are listed on the awards website. Entry fees must be paid before entries will be submitted to judges for review.

You may withdraw one or more entries from the competition and receive a refund of entries fees paid for those entries through May 30, 2024. After that date entries may still be withdrawn, but no refunds will be issued. If for extraordinary circumstances after May 30 we must submit your entries for judging before entry fees are paid, your entries will be nonrevokable and entry fees will be payable.

### Acceptance of Stevie Awards Correspondence

Every entrant has a designated point of contact: a person with whom we communicate about the disposition of entries submitted. We will send regular email correspondence to your organization's point of contact, especially after Stevie Award winners are announced in August 2024. Your organization's point of contact agrees to:

- Whitelist the email address [help@stevieawards.com](mailto:help@stevieawards.com), from which most of our email correspondence will come
- Read all email correspondence from us promptly and respond as requested or required

### Maintenance of Your Entry Account Information

Your organization's entry-submission account on the Stevie Awards for Technology Excellence website, through which your entries are submitted, will contain the contact information for your point of contact, including that person's name, postal mailing address, email address, and telephone number. Your organization's point of contact agrees to maintain the information in this entry-submission account and update it if and when necessary.

### Final Decision

In the event of a dispute as to the category in which an entry(s) will be judged, the decision of the Stevie Awards staff will prevail. Judges may recommend that an entry be switched to a different category, and at their discretion Stevie Awards staff may change an entry's category.

### Disposition of Submitted Materials

Any offline materials submitted as part of your entries will not be returned.

### Confidentiality of Entries

Only Stevie Awards staff and judges will have access to entry materials. Otherwise only Gold Stevie winning entries will be published (see below) after those winners first have the opportunity to redact confidential information from them, or decline publication entirely.

**Failure to comply with these Terms & Conditions will render your entries ineligible. Entry fees will not be refunded.**

## The Stevie® Award

The Stevie Award trophy is one of the world's most coveted prizes. Since 2002 the Gold Stevie Award has been conferred for achievement in business to organizations and individuals in more than 70 nations.

The name Stevie is taken from the name Stephen, which is derived from the Greek for "crowned."

The crystal pyramid held aloft by Stevie represents the hierarchy of human needs, a system often represented as a pyramid that was developed in the 1960s by psychologist Abraham Maslow, who observed that after their basic needs are met, human beings seek the esteem of their peers.
